**Uses**

- Surface cleaner.
- General purpose cleaner.

**Limitations**

Intended for industrial or professional use only. This product is not to be used as a hand sanitizer or to be used on skin.

**Application**

Apply Crown Isopropyl Alcohol 70% to a clean rag or paper towel. Wipe entire surface. You may need to apply more Isopropyl Alcohol 70% to the rag in order to clean the entire surface. NOTE: It is up to the consumer to determine surface compatibility. Always test a small, inconspicuous area before using Isopropyl Alcohol 70% to clean any surface.

**Disposal**

The generation of waste should be avoided or minimized whenever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

**Storage**

Store in dry, cool, well-ventilated areas away from strong oxidizing agents, strong acids, perchlorates, Store in dry, cool, well-ventilated areas away from strong oxidizing agents, strong acids, acid anhydrides, halogenated compounds, food, and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep containers tightly closed when not in use. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers are hazardous when empty as they contain product residue. Do not cut, drill, weld, braze, solder grind or perform similar operations on or near empty containers. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Keep out of reach of children.
