

**Crown® Camp Fuel** - CR.CF - April 23, 2024

Description	CROWN® Camp Fuel is a clean-burning fuel blended for all camp appliances that are designed to use gasoline as a fuel. Use in all brands of gasoline stoves, lanterns and appliances and can be used in place of other brands of camp fuel.
Prominent Features	<ul style="list-style-type: none">• Specially blended for portable gasoline camping applications.• Rust inhibitor added for rust and corrosion protection.• Carefully checked to maintain highest quality for cleaner burning and longer generator life.
Uses	Fuel for gasoline stove and lanterns.
Limitations	Not to be used in kerosene camping appliances.
Application	Carefully read all cautions and instructions before use. Protect hands with solvent-resistant gloves, and eyes with safety glasses. Open can slowly to relieve pressure. This fuel can cause flash fires and cause serious burns if used improperly.
Disposal	The generation of waste should be avoided or minimized whenever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions, and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains, and sewers.
Storage	Store in dry, cool, well-ventilated areas away from strong oxidizing agents, food, and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep containers tightly closed when not in use. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers are hazardous when empty as they contain product residue. Do not cut, drill, weld, braze, solder, grind, or perform similar operations on or near empty containers. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Keep out of reach of children.
Packaging	1 Quart – 6 per case - 'F' style and cone top metal containers 1 Gallon – 4 per case - 'F' style metal container
