

**Crown® Epoxy Thinner - CR.ET - January 30, 2024**

<b>Description</b>	CROWN® Epoxy Thinner is the ideal thinner for epoxy products and can also be used for the clean-up of equipment used in application of epoxy coatings.
<b>Prominent Features</b>	<ul style="list-style-type: none"><li>• Specifically formulated for use as a thinner for epoxy products.</li><li>• Excellent cleaner for equipment used in the application of epoxy coatings.</li></ul>
<b>Uses</b>	<ul style="list-style-type: none"><li>• Thinning epoxy products.</li><li>• Cleaning epoxy surfaces.</li></ul>
<b>Application</b>	Refer to the instructions from your coating manufacturer before thinning.
<b>Disposal</b>	Contains organic solvents which may cause adverse effects to the environment if disposed of improperly. Place empty containers in normal refuse for disposal. Contact your local sanitation department or household hazardous waste coordinator for information concerning possible reuse or disposal of unused solvent-containing products.
<b>Storage</b>	Store in dry, cool, well-ventilated areas away from strong oxidizing agents, strong reducing agents, strong acids, alkalis, caustics, acid anhydrides, halogenated compounds, aluminum, rubber, and various plastics, food, and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep containers tightly closed when not in use. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers are hazardous when empty as they contain product residues. Do not cut, drill, weld, braze, solder grind or perform similar operations on or near empty containers. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Do not take internally. Keep out of reach of children.
<b>Packaging</b>	1 Gallon – 4 per case - 'F' style metal container
