

**Crown® Lacquer Retarder** - CR.LR – April 12, 2024

<b>Description</b>	CROWN® Lacquer Retarder is a retarder for lacquers. Add to nitrocellulose lacquer during high humidity. Lacquer Retarder prevents blushing.
<b>Prominent Features</b>	<ul style="list-style-type: none"><li>• Prevents blushing</li><li>• Add to nitrocellulose lacquer during high humidity</li><li>• Cleans spray equipment</li><li>• Suitable as a parts cleaner &amp; degreaser</li></ul>
<b>Uses</b>	<ul style="list-style-type: none"><li>• Retarder for lacquers.</li><li>• Preventing blushing.</li></ul>
<b>Limitations</b>	Do not use as a lacquer thinner.
<b>Application</b>	Carefully read all cautions and instructions before use. Protect hands with solvent-resistant gloves, and eyes with safety glasses. Open can slowly to relieve pressure. Add CROWN® Lacquer Retarder slowly with good agitation until desired viscosity is achieved.
<b>Disposal</b>	Contains organic solvents which may cause adverse effects to the environment if disposed of improperly. Place empty containers in normal refuse for disposal. Contact your local sanitation department or household hazardous waste coordinator for information concerning possible reuse or disposal of unused solvent-containing products.
<b>Storage</b>	Store in dry, cool, well-ventilated areas away from strong oxidizing agents, strong acids, nitric acid, sulfuric acid, strong reducing agents, strong bases, amines, halogens and halogenated compounds, aluminum, acid anhydrides, perchlorates, caustics, aliphatic amines, rubber, and various plastics, food, and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep containers tightly closed when not in use. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers are hazardous when empty as they contain product residue. Do not cut, drill, weld, braze, solder grind or perform similar operations on or near empty containers. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Keep out of reach of children.
<b>Packaging</b>	1 Gallon – 4 per case - 'F' style metal container 5 Gallon – Single units - metal pail container
