

**Crown® LT-25 Lacquer Thinner** - CR.LT25 - April 12, 2024**Description**

CROWN® LT-25 Lacquer Thinner is a fast evaporating thinner for use with lacquer or acrylic primer surfaces and can be used as a cleaner for brushes, rollers & spray equipment. Suitable as a parts cleaner & degreaser.

Prominent Features

- Fast evaporating thinner for use with lacquer or acrylic surfaces
- Cleans paint tools and equipment

Uses

- Thinner for lacquers and acrylic surfaces.
- Cleaner and degreaser for tools and paint equipment.

Limitations

Not for use as a thinner for automotive lacquers.

Application

Carefully read all cautions and instructions before use. Protect hands with solvent-resistant gloves, and eyes with safety glasses. Open can slowly to relieve pressure. Add CROWN® LT25 Lacquer Thinner slowly with good agitation until desired viscosity is achieved. Do not use to thin automotive lacquers.

Disposal

Contains organic solvents which may cause adverse effects to the environment if disposed of improperly. Place empty containers in normal refuse for disposal. Contact your local sanitation department or household hazardous waste coordinator for information concerning possible reuse or disposal of unused solvent-containing products.

Storage

Store in dry, cool, well-ventilated areas away from strong oxidizing agents, strong acids, acid anhydrides, halogenated compounds, perchlorates, and aliphatic amines, food, and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep containers tightly closed when not in use. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers are hazardous when empty as they contain product residue. Do not cut, drill, weld, braze, solder grind or perform similar operations on or near empty containers. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Keep locked up and out of reach of children.

Packaging

5 Gallon – Single units - metal pail container
55 Gallon – Single units - metal drum container
