

Crown® Low Odor Mineral Spirits - CR.OMS - February 20, 2024**Description**

CROWN® Low Odor Mineral Spirits is a superior thinner for use in reducing most brush applied alkyd and oil paints, varnishes, and enamels. Use wherever a paint thinner or mineral spirits is recommended by a paint manufacturer. May also be used in place of Turpentine for cleaning brushes. Improves brushing qualities. Cleans brushes, rollers and spray equipment. Removes dirt and grease from surfaces before painting.

Prominent Features

- The ideal paint thinner for indoor and outdoor use.
- Premium oil-based thinner.
- Removes dirt and grease before painting.
- Cleans brushes, rollers, and spray equipment.
- 100% mineral spirits.

Uses

- Clean surfaces before painting.
- Clean brushes, rollers and, spray equipment.
- Thinner for oil-based paints.

Limitations

Do not use as a general-purpose cleaner.

Application

Add slowly with good agitation to avoid over thinning. When properly used, improves brushing qualities. Carefully read all cautions and instructions before use. Protect hands with solvent-resistant gloves, and eyes with safety glasses. Open can slowly to relieve pressure. When using product apply to one small area at a time not to exceed three square feet as the danger for fire and health effects increases dramatically when used over large areas.

Disposal

Contains organic solvents which may cause adverse effects to the environment if disposed of improperly. Place empty containers in normal refuse for disposal. Contact your local sanitation department or household hazardous waste coordinator for information concerning possible reuse or disposal of unused solvent-containing products.

Storage

Store in dry, cool, well-ventilated areas away from strong oxidizing agents, food, and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep containers tightly closed when not in use. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers are hazardous when empty as they contain product residue. Do not cut, drill, weld, braze, solder grind or perform similar operations on or near empty containers. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Keep out of reach of children.
