

**Crown® Odorless Paint Thinner - CR.OP - April 12, 2024****Description**

Odorless Paint Thinner is an excellent artist quality thinner. The odorless substitute for Turpentine. For use in reducing artist oil colors and most brush-applied alkyd and oil-type paints, varnishes, and enamels. Improves brushing qualities. Cleans palettes, brushes, rollers, and spray equipment. Removes dirt and grease from surface before painting.

**Prominent Features**

- Excellent low odor substitute for turpentine.
- Thins artist-quality oil-based and alkyd paints, varnishes & enamels.
- Cleans palettes, brushes, rollers & spray equipment.
- Ideal for indoor use.

**Uses**

- Cleaner for brushes, rollers and, spray equipment.
- Thinner for artist-quality oil-based and alkyd.
- Low odor substitute for turpentine.

**Application**

Add slowly with good agitation to avoid over thinning. When properly used, improves brushing qualities. Carefully read all cautions and instructions before use. Protect hands with solvent-resistant gloves, and eyes with safety glasses. Open can slowly to relieve pressure. When using product apply to one small area at a time not to exceed three square feet as the danger for fire and health effects increases dramatically when used over large areas.

**Disposal**

Contains organic solvents which may cause adverse effects to the environment if disposed of improperly. Place empty containers in normal refuse for disposal. Contact your local sanitation department or household hazardous waste coordinator for information concerning possible reuse or disposal of unused solvent-containing products.

**Storage**

Store in dry, cool, well-ventilated areas away from strong oxidizing agents, food and drink. Keep away from heat and ignition sources. Transfer only to approved containers having correct labeling. Keep containers tightly closed when not in use. Protect containers against physical damage. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Containers are hazardous when empty as they contain product residue. Do not cut, drill, weld, braze, solder grind or perform similar operations on or near empty containers. Use appropriate containment to avoid environmental contamination. Ventilate closed areas. Keep out of reach of children.
