

**CROWN® ULTRA REFINED LAMP OIL****CLEAR - UNSCENTED**

Crown Lamp Oil is recommended for only those oil lamps that have a mechanical metal burner. **Do not use this oil in oil candles because severe soot and smoke damage will occur.**

**DIRECTIONS:** Remove chimney and fill base with Crown Lamp Oil. Do not overfill. Lamp oil level should be at least 3/4" inch below top of neck. Screw burner assembly back into base. Allow 5 minutes for wick to absorb oil. Raise wick to light. Once lit, replace chimney and adjust wick so that it does not extend above the top of the metal combustion chamber. **Wick height is extremely important. The wick should never be visible above the dome of the burner. A high flame will cause smoke or soot damage. If any smoke or soot is observed, immediately lower wick until all smoke has ceased. Failure to follow these directions could result in severe smoke damage.** If there appears to be a malfunction, extinguish the lamp immediately. **Never leave a burning oil lamp unattended.** Do not store oil near heat or open flame. Never use gasoline, alcohol, or any solvent as a fuel in any oil lamp. Do not mix with any other product. Do not reuse this container. Refer to Safety Data Sheet (SDS) at [www.crownbrand.com](http://www.crownbrand.com) for additional cautions before using, transporting or storing this product.

**KEEP OUT OF REACH OF CHILDREN**

Contains Petroleum Distillates.

Keep away from heat, sparks and flames. Do not smoke while using. Avoid breathing vapors. Avoid contact with the eyes, skin and clothing. Use only with adequate ventilation. Wash thoroughly after handling. Keep container closed when not in use. Intentional inhalation abuse (concentrating and inhaling vapors) may be harmful or fatal.

**FIRST AID:**

**Eye Contact:** Flush eyes with water for several minutes. Get medical attention if irritation persists. **Skin Contact:** Wash thoroughly with soap and water. Get medical attention if irritation persists. **Inhalation:** Move to fresh air. Get medical attention if irritation or other symptoms develop and persist. **Ingestion:** Do not induce vomiting. Never give anything by mouth to an unconscious or drowsy person. Immediately call a physician or poison control center.

**California Proposition 65 Warning:** Combustion (burning) of this product produces chemicals, including carbon monoxide and/or soot, known by the State of California to cause cancer, birth defects or other reproductive harm.

**WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).
