Crown Xylene

DANGER

Flammable liquid and vapor. May be harmful if swallowed. May be fatal if swallowed and enters airways. Harmful in contact with skin. Causes skin irritation. Harmful if inhaled. May cause respiratory irritation. May cause damage to the auditory system through prolonged and repeated exposure.

PRECAUTIONS:

Keep away from heat, open flames and hot surfaces. No smoking. Keep container tightly closed. Ground and bond container and receiving equipment. Use explosion proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe fumes, mist and vapor. Wash hands and other exposed skin areas thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves, protective clothing and eye protection. Store locked up in a well-ventilated place. Keep container tightly closed. Keep cool. Dispose of contents and containers in accordance with national and local regulations.

FIRST AID:

IF SWALLOWED: DO NOT induce vomiting. Immediately call a POISON CENTER or doctor. IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water or shower. IF INHALED: Remove person to fresh air and keep at rest in a comfortable position for breathing. Call a POISON CENTER or doctor if you feel unwell. Specific treatment: Call a POISON CENTER or doctor if you feel unwell. Refer to Section 4 of the SDS. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse. In case of fire: Use water fog, foam, dry chemical or carbon dioxide for extinction.
